EXPERIENCE

FREDERICK DOUGLASS HIGH SCHOOL **Atlanta, Georgia**
Math Teacher, Pre-Calculus and Geometry *August 2020 – Present*

- Integrated various educational technology platforms, including Desmos, Nearpod, OneNote, and GeoGebra, to enhance and deepen student understanding and foster digital fluency in a mathematics context
- Served as a member of the principal's advisory committee to liaise between the staff and administrative team
- Created a digital tracking and visualization system to analyze inter-platform student data in real time
- Impacted student self-efficacy, raising the average class confidence level in math from 2.8 to 4.2 out of 5
- Maintained consistent weekly communication with all parents with a personalized classroom newsletter
- Coordinated the logistical details for the 2021 commencement ceremony, creating user-friendly materials for future graduations
- Developed and led a professional development session on virtual teaching using Microsoft OneNote for student accountability

INTUITIVE SURGICAL **Atlanta, Georgia**
Market Development Intern *May – August 2019*

- Supported sales manager team by developing tools designed to optimize and improve a new product launch
- Automated market reporting process, saving each sales manager up to 20 hours per week in data analysis and visualization
- Consolidated European and Asian medical market research, laying the groundwork for international expansion

TEMPLE SINAI OF ATLANTA **Atlanta, Georgia**
Head Teacher for Fourth and Fifth Grade *August 2016 – May 2020*

- Serviced the children and families of one of the largest synagogues in North America that boasts over 5,000 members
- Reimagined the standard curriculum to maximize the exposure and involvement of early Jewish education
- Innovated unique classroom experiences that engage the diverse learning styles of a classroom of 20 students
- Collaborated with a team of twelve educators and translates ideas into a year's worth of weekly lesson plans
